Step and Repeat Design Setup Package

Don't have a print ready file for your media backdrop? No problem, we can set up your step and repeat design for up to 2 logos! Simply add the Step & Repeat Design Setup Package to your order.

We have designed 4 different styles to choose, making it easier than ever to customize your media background. Provide us with your high resolution logo(s) and we will get you a proof of the artwork prior to printing, so you'll know exactly what it looks like before it goes to print.
